As small or medium-sized organisation, how to access these EU grant programmes and how to write a winning proposal? Respective regulations abound, guidance can't hurt. Following below are some EU tools for SME, for small and medium-sized enterprises. For instance, here is what the EU Commission website offers as first step: [A quick guide to funding](#).

A bit more pages...44 precisely, has the [Beginners guide to EU funding](#). Main reference here is the 2007-2013 timeframe yet much of its basics will still be applicable to the current programmes.

Then there is the [European regional development fund \(ERDF\)](#), "...the largest EU financial instrument for SMEs – supports small firms through co-financing activities in a wide range of areas. The programmes are managed and implemented by the Member States."

Here the [FP7 and H2020](#) Framework programme [reference documents](#). Includes the H2020 online handbook and model grant agreements.
